11/5/66

Dear Ray,

In additions to those too many things of which you know I'm working on the "new" material (a can of worms) so I cannot really answer your letter of 10/30/.

Glad to hear of the Mort Sahl plug. I take it, from their lack of response, that Bill and Maggie are not in accord with my suggestion of needling Liebeler and of possibly involving Sahl in brief phone bits. I think it could be exciting and different.

I did, immediately, forward the copy to Sylvia, heavily insured. If it does not get there, let me know and at least we'll get the insurance back for you.

Thanks for your kind words and thoughts.

Sincerely,
